

Dear parents and carers,

### **Outwood Academy Hasland Hall Year 5 Space Day – 24 November 2022**

We are delighted to invite your child to a day of celestial fun and astronomical learning at Outwood Academy Hasland Hall. Your child's headteacher has given us permission to invite Year 5 children to our annual Outwood Academy Hasland Hall Space Day, bringing the awe and wonder of the stars and planets to your child.

We have planned an exciting schedule of space-themed events. Previous space days have seen children make and launch rockets, explore craters, observe using liquid nitrogen how cold it is in space, make comets using dry ice and take a trip to the star dome. All of these experiences contribute towards the Year 5 Science National Curriculum.

Children and staff will be arriving at Outwood Academy Hasland Hall for approximately 9.15am. Coach transport will be arranged for students and accompanying staff from Hady Primary School and Calow Church of England Primary School. Students and staff from Hasland Junior School will walk across to join us. The day finishes at 2.15pm, with students returning to their respective primary schools to reflect on a fascinating and exhilarating day. We'll be providing a breaktime snack and packed lunch for all students.

Please could you complete the attached form, giving consent for your child to take part in the day. If your child attends Hady or Calow, please also indicate consent for the short coach trip to and from school. Please return the reply slip to your child's school office no later than Friday 11 November 2022.

If you require any further information regarding the event, please contact Christina Woods on 01246 273985 or at [c.woods@haslandhall.outwood.com](mailto:c.woods@haslandhall.outwood.com)

We look forward to meeting your child on 24th November and we hope that they enjoy this exciting astronomical experience.

Yours sincerely

**Chris Pooley**  
**Assistant Principal**
